

Asset Management & Consultation

Since 2013

OUR SERVICES

Acquisition, Inventory, Lease, Sales & Management Support

WHAT WE OFFER

ACQUISITION

In your search journey for new assets, we will help you negotiate acquisitions that best meet your needs at a price that reflects your budget.

SALES ASSISTANCE

If your goal is to sell an aviation asset, we will help marketing your asset and use our most effective resources to find the right buyer and secure your sale at the most valuable price.

LEASE

We offer aircrafts and engines for lease at flexible price rates, and deliver according to your expectations. We will work together to find a suitable solution.

MANAGEMENT

We have a long experience of asset management, such as MRO & CAMO services, trust solutions, and finance & insurance. We can cater for all your asset management needs.

WHO WE ARE

Advantage Asset is part of the Advantage family, and is based in Sweden. We provide products and services regarding management, purchase and sale of new or used aviation assets. Technical experience, marketing skills and ethics, as well as our global network of industry experts enable us to deliver results under the best conditions.

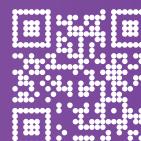

Advantage Asset has completed over 100 engine sales transactions, and more than 20 successful aircraft transactions.

OUR LOCATION

From our conveniently based HQ, just 20 minutes from Sweden's largest airport, Arlanda International Airport, ARN, our team will operate with a short response time and a high mobility.
