

Expertise in Aircraft Component Repair

OUR APPROVALS
ASA-100 & FAA AC 00-56

WHY CHOOSE US?

We have a track record of success, with a proven history of successfully managing repairs and maintaining high customer satisfaction.

OUR LOCATION

Our facility in Lakeland, FL is in the near range to most aviation repair shops and good local connections. Conveniently located next to the Lakeland Linder International Airport (LAL).

WHAT WE OFFER

Strategic Location: Based near top FAA/EASA certified repair shops, giving us direct access to leading repair facilities and resources.

Cost Efficiency: Leverage our established relationships with repair shops to negotiate competitive pricing and reduce repair costs.

Accelerated Turnaround Times: Benefit from our proximity to repair facilities to expedite the repair process and minimize downtime.

End-to-End Management: Comprehensive service that includes logistics, repair coordination, quality assurance, and final inspection.

Customized Solutions: Flexible repair management tailored to meet the specific needs and requirements of your aerospace components.

Dedicated Support: Expert team available to handle inquiries, provide updates, and offer support throughout the repair process.

Regulatory Compliance: Ensure all repairs meet rigorous FAA and EASA standards for safety and performance.

LET US MANAGE YOUR REPAIRS!
